SUBJECT: BLUE LANTERN LEVEL 3: PRE-LICENSE END-USE CHECK  
ON LICENSES 050201597 AND 050201795

¶1. This is an Action Request. See paragraph 4.

¶2. The Department's Office of Defense Trade Controls Compliance (PM/DTCC) requests Post's assistance in conducting a pre-license check on licenses 050201597 and 050201795 for the export of pistols to Jamaica. Post is requested to complete this Blue Lantern check within 30 days. Lack of response to a Blue Lantern check will affect pending and future licenses involving parties to this license.

¶3. Reason for Request: The purchase orders on both licenses appear to be identical, but there are sequential import permits. This request is to verify the bona fides of both transactions and confirm with the import authorities that all firearms are authorized to enter Jamaica.

¶4. Action Request: Post is requested to establish the bona fides of this transaction and end-user Gun Depot by making inquiries to representatives of the company and appropriate authorities of the Government of Guatemala. The following points are included for guidance:

(To A & A Dealers)

--Please explain why both purchase orders provided for these licenses are identical. Why did you decide to pursue two separate transactions rather than submitting a single order to the U.S. vendor?

--Is there a legal limit on the quantity of firearms allowed to be listed on any one import authorization?

--What are your annual sales of U.S.-origin firearms?

(To Appropriate Import and/or Law Enforcement Authorities)

--Can you confirm the authenticity of Import Permits IP2009/122 and IP2009/123?

--Is there a legal limit on the quantity of firearms allowed to be listed on any one import authorization? What motivation would A & A Dealers have for seeking separate import authorizations in these cases?

--Are all 80 pistols authorized for import into Jamaica?

--Do you have any information on A & A Dealers that would call in to question their reliability as a recipient of U.S. defense articles?

In its reply, Post may also comment on any other information pertinent to these transactions such as security of facilities, end-use, and concerns about the entities involved.
